Zoom Controls
Zoom Controls

When you’re in a meeting and you hover at the bottom of your screen, you’ll see many controls.

1. Share screen allows you to share what’s on your screen with other people in the meeting. Here is a video where you can learn more about sharing.
Zoom Controls

2. Use the chat feature to send messages to students, or to have them respond to questions. Some teachers have students send a chat at the beginning and end of class for attendance. Here’s an article where you can learn more about chat.

3. You can record your meetings. Use the recordings to train teachers or to help students who missed class catch up. Here is a video that shows you how to record and share the recording.
